Race Start and Timing

- Marshalling for each event will begin 5 minutes before the start time. All events begin and end at the Laurieton United Services Club.
- Please seed yourself accordingly at the start line. We will have a rolling wave start for all races and will call on expected times to marshal accordingly in the start chute.
- Podium winners will be determined by gun time (first past the post wins)
- Age group winners will be determined by net timing based on your race bib chip
- Podium place runners are not eligible for age group prizes.

Race Day Etiquette

- Please seed yourself appropriately on the start line. Your net time will not be affected by starting towards the back as your chip activates as you cross the start line.
- **Keep left** (yes, we listened to your feedback!) and yield immediately to any faster athletes in all distances.
- Using headphones or ear buds is discouraged. Please limit to one earbud if necessary to ensure you are aware of other runners and can hear instructions from course marshals.

Courses and Course Info

- We are now a **KEEP LEFT** course which is different for those who have run with us in previous years. We listened to the feedback and worked to map a course that would allow for a natural keep left pathway. Hopefully, less cognitive load for our runners and fewer collisions!

Kids' Courses

- Parents are welcome to run with children for free. There are no medals for adults who run with kids - only for registered runners with bibs.
- There are participation medals for all registered children in both the 1.6km and 3km Kids' events. There are podium prizes for the 3km event.
